REMARKS

Pursuant to Rule 111(a)(2) Applicants hereby supplement their previous response. Absent a request to the contrary, a listing of claims is hereby provided, unchanged from the previous response.

The Examiner is respectfully directed to page 5 of the previous response: the first full paragraph on page 5 is believed to have addressed the subject section 112 concern. Even so, Applicants concur with the Examiner's read of claim 13: a non-limiting aspect of Applicants' invention can be directed to an article; e.g., the composition of claim 9 coated on a substrate of an article. Applicants would be agreeable to a clarifying amendment, if deemed helpful in moving this application toward allowance.

Applicants assume this Supplemental Response alleviates the Examiner's concern. Otherwise, the Examiner is invited to contact the undersigned by telephone, should any issue remain. Thank you for your help, time and consideration.

Respectfully submitted,

Rodney D. DeKruif
